Welcome to the shared territory of the Skwxwú7mesh (Squamish) Nation and Lil'wat7úlwat7úl (Lil'wat) Nation.

Whether you are working, spending time with friends or having an epic day of play on this beautiful land - whatever you are doing right now, if you are in Whistler you are doing it on the shared unceded territory of the Squamish Nation and Lil'wat Nation.

Thriving in our respected territories with Lil'wat (Interior Salish) to the North and Squamish (Coast Salish) to the South, our shared territory is what the world now knows as Whistler. As original peoples of this land, we agree that when we can see Black Tusk, or where the river's flow changes, we are on our shared land. The Skwxwú7mesh Úxwumixw and Lil'wat7úl have coexisted respectfully as neighbours since time immemorial.

In July 2008, the Squamish Lil'wat Cultural Centre (SLCC) opened its doors to share our two Nations' cultural knowledge with the world. Designed to evoke the form of a Squamish Longhouse and Lil'wat Istken (earthen dwelling), the SLCC embodies the spirit of partnership between our two Nations.

We welcome you to this land and encourage you to learn more about its ancient history. Our Ambassadors provide visitors with a warm welcome and the opportunity to explore the living culture of the Squamish and Lil'wat First Nations. Whether you join us to hear the sounds of drums, to shop in Whistler's largest and only Indigenous owned First Nations gift shop, or to taste our fresh bannock at the Thunderbird Cafe, we know that by visiting our centre you, too, will embrace our vision of friendship and respect to one another.

Which Indigenous Communities land does Whistler reside on?

Whistler is located on the shared territories of the Lil'wat Nation from the North, and Squamish Nation from the south. Our Nations acknowledge that where ever one can see Black Tusk, we know we are on shared territory.

Who are Squamish Nation?

The Skwxwú7mesh Úxwumixw (Squamish Nation) is a vibrant and dynamic Coast Salish Nation with a strong culture, rich history and bright future. With a population of 4,000+, the largest proportion of Skwxwú7mesh stelmexw (Squamish People) reside on several urban reserves in the city of Vancouver, North and West Vancouver and the municipality of Squamish, B.C.

Who are Lil'wat Nation?

The Lil'wat7úl (Lil'wat Nation) is a separate and distinct Interior Salish Nation with cultural and kinship ties to the Stát'yemc. With a population of more than 2,000, the central community of Lil'wat is Mt. Currie BC and they are committed to preservation of their lands, language and culture for future generations.

What does the '7' mean & how do I pronounce it?

Both Squamish and Ucwalmícwts (Lil'wat Nation language) use '7' as a part of their alphabets. The 7 indicates a brief pause (technically known as a 'glottal stop') between syllables. Elder speakers in cooperation with linguists developed this character in the late 1960s while translating these oral languages into written form.

What language is featured on the highway signs between Vancouver and Whistler?

The Squamish Language.

What are the wooden carvings throughout the village?

They are welcome figures carved by Squamish Nation artists, welcoming visitors to our shared territory

Where can I learn more about their cultures?

Visit the Squamish Lil'wat Cultural Centre in Whistler's Upper Village at the corner of Lorimer Road and Blackcomb Way: hourly guided tours are led by knowledgeable Cultural Ambassadors who share their cultural teachings with guests. This is also the only place in Whistler where you can try bannock, traditional sweet fried bread, available in the SLCC's Thunderbird Café.

What can I do outdoors to learn more about both Nations?

Connecting to the land is an important value for Indigenous peoples. At the SLCC, guided forest walks in our backyard will introduce visitors to local fauna and the ancient nourishment and medicines that serve us today. You can also discover First Nation art that lives all around Whistler, learning that this little valley is overflowing with world-class talent rooted in a rich cultural history. Go to slcc.ca/outdoor-art to find out more.

Welcome to Whistler!

*Whistler: A place where our community thrives,
nature is protected and guests are inspired.*

Whistler is a unique mountain resort community located on the shared, unceded territories of the Squamish Nation and Líl'wat Nation. Living and working in this place is a gift that we share with both the Líl'wat7úl and Skwxwú7mesh. We respect and commit to a deep consideration of their history, culture, stewardship, and voice.

I encourage you to check out **WHISTLER 101**, an online series to inspire a deeper understanding of Whistler, the interconnectedness of all that surrounds us, and how we express and celebrate our connection to our surroundings.

We are fortunate to have a strong sense of community, excellent amenities, and a year-round **calendar of events**. Whether you are a soon-to-be or long-time local, I encourage you to explore the many services and programs offered by the Resort Municipality of Whistler and community partners. Whistler Village offers a variety of local restaurants and shops and access to services like the Whistler Public Library, Maury Young Arts Centre, the Whistler Museum, and entertainment at Whistler Olympic Plaza.

Beyond the Village, the Valley Trail network is a great way to travel to Whistler's neighbourhoods, parks, lakes, and to Meadow Park Sports Centre. Access to the many parks and trails in our backyard plays an important role in our community's mental and physical well-being.

Whistler is an innovative community and has an ambitious **climate action big moves strategy**, with a current target of reducing greenhouse gas emissions by 50% below 2007 levels by 2030. What actions can you take today to help move us toward this goal?

Finally, residents and visitors are encouraged to **sign-up for Whistler Alert**, our official emergency notification system. Everyone is encouraged to have an evacuation plan and kit ready in case of emergency.

Living in Whistler is a rewarding experience and I encourage you to participate in the incredible opportunities Whistler has to offer. To stay up to date with municipal news and programs, visit **whistler.ca** and follow us on **Facebook**, **Twitter**, and **Instagram**.

Whether you've been a Whistlerite for two days or two decades, your contributions and work for your town make this place what it is. Thank you!

Jack Crompton, Mayor

WHISTLER'S NEIGHBOURHOOD

Navigator

The Whistler Community Services Society (WCSS) Navigator is designed to support you in navigating Whistler and highlight some different areas, programs, services and businesses. It will provide you with some resources and tools to support you in adapting to situations that may arise during your time here.

In the next pages, you will find your arrival checklist. We suggest attending to these items promptly upon your arrival. Following this, The Navigator Toolkit consists of programs and services that you might find helpful to enhance your Whistler experience.

A simplified version of the toolkit, with important contact numbers, is located on the last pages of the Whistler navigator.

The information for each Whistler neighborhood is designed to help you get acquainted in your new place and enhance a feeling of belonging and exploring. There are also some secret local's tips so read carefully!

We hope that you find this information useful and wishing you a wonderful adventure ahead!

Arrival CheckList

You may have heard that Whistler can be a tough town to get connected. This can be especially true if you arrive during a global pandemic, when many of the jobs have been filled and rooms taken.

Use this checklist to start your Whistler experience off right and set yourself up for success.

✓ Get a Work Permit to Work in Canada

BEFORE you arrive. This website can help clarify what you need to know and do in order to earn a living here: canada.ca/en/immigration-refugees-citizenship/services/work-canada/permit/temporary/prepare-arrival.html

✓ Apply for a Social Insurance Number

Your Work Permit isn't enough to get you legally working in Canada; you also need to apply for a Social Insurance Number (SIN). To do this. Take your ID including your passport to a Service Canada location. The closest office location is in Squamish. You can also call the Whistler Chamber to see if they are hosting any local events in the future. **604.932.5922**

Whistler: Nov 2, Nov 16 and Dec 7, 2022
9:30am - 3pm above the Whistler Information Center

✓ Open a Canadian bank account

You will need a bank account to deposit and cash pay cheques. To open an account, you will need photo ID and may have to make an appointment. There are five banks in Whistler.

✓ Get Canadian Currency

You'll need about \$4,000 to get through your first month in Whistler. You can expect to spend this on short term accommodation, long term housing including last month's rent deposit, damage deposit, food, phone, fun and other basics until you get your first pay cheque.

✓ Apply for a B.C Driver Licence

If you have a driver's licence from another province or country, you can use it for up to 90 days after you move here. If you are visiting, you can use your non- B.C driver's licence for up to six months. After six months, you need a valid B.C driver's licence to drive here. More information on updating your Driver licence check out icbc.com

✓ Get a Phone

Phone companies are known to ask for big deposits for landlines. Get a mobile or cell phone and buy minutes. It is cheaper, more secure and you are in control of phone time used.

Note: The area code for the Whistler area, Vancouver and the lower mainland is 604 or 778, and you must dial 1 before the area code to make a long-distance call. Electronic Community Assistance Program

WCSS Electronic Communication Assistance Program is designed to provide communication devices to Sea to Sky community members with identified barriers to accessing them. Get a Place to Live

Finding a place to live will be harder than you think. You can expect to share accommodations, as in most cases, privacy is an expensive commodity in Whistler. The going rate for a room in a shared house can be around \$800 - \$1,700, or if you are willing to share a room it may be less. Social Media and various online websites have made finding a place to live a bit easier. To see what is available join the Facebook group **Whistler Housing Rentals for Locals** or **Whistler Housing Crisis 2022** or check out the accommodation seeker board on the Whistler Housing Authority website: whistlerhousing.ca.

As well, create your own want ad on Craigslist, and network with people already living in Whistler.

Hunting for housing can be exhausting. Here are some tips to help you avoid some of the mistakes that can be made:

- **Be aware of offers that seem too good to be true.** This is especially true if it involves sending money to a third party. In these circumstances, it's probably not legitimate.
- **Get recommendations from people you know.** This way you are more likely to deal with reputable agencies or landlords.
- **Don't give up your money too quickly.** No money should change hands until the property has actually been viewed and rented.
- **Be careful when looking online.** There have been reported cases where a renter found the same pictures of an apartment for rent but at a different address. Or sometimes, the property doesn't exist at all.
- **Sign and find out the terms of your lease.** It's always a good idea to read the fine print on your rental contract and find out if there is a penalty for early termination of your lease.
- **Do a reasonableness check on rates for similar properties in the same area.** If the rent seems too low, do more research.
- **Find employment with staff accommodation.** There are a number of employers such as Whistler Blackcomb and The Fairmont that offer staff accommodation.

When being interviewed, ask if staff accommodation is available.

- **Get everything in writing.** Make sure all communication with your landlord is in writing form including payment transfers and start/end dates of tenancy.

If you think you have been scammed, call the Whistler RCMP at 604-932-3044.

There are a few hostels and lodges in town that can serve as a good landing pad while you hunt for a permanent place to live:

Get Insurance

Once you have secured a place to live be sure to get renters insurance. Banks and insurance agencies in Whistler sell a variety of inexpensive policies. There are a number of reasons to purchase rental insurance. **As a Tenant you are liable** – yes, legally responsible – for any harm you cause to any part of your building and to others who live or visit there. If your toaster oven starts a fire that damages not only your apartment, but also the neighbours or perhaps the entire complex, you may have to pay out a lot of money. You might not think that you own much of real value, but what if you had to replace everything all at once, due to fire or water damage? Replacing your clothing, alone, could run you a few thousand dollars. And that old futon and bed might not look like much, but buying new ones would be hard on the wallet. Remember to include large items like skis, boards or bikes when taking out insurance. When you consider what it would cost to replace everything, monthly insurance premiums may look pretty good by comparison. Some people believe they are covered under the building owner's insurance policy if there is a fire or if someone breaks into their home. Be aware that this is not the case!

Know Your Rights

Tenancy Rights - A landlord can ask for the first month's rent and a half-month for a damage deposit. This is all they are legally entitled to ask. If you are having problems or feel a landlord is treating you unfairly, contact the Residential Tenancy Branch at 1-800-663-7867, www2.gov.bc.ca/gov/content/housing-tenancy/residential-tenancies. You can also contact the Tenant Resource & Advisory Centre at 1-800-665-1186 or tenants.bc.ca.

Take a few minutes to find out what your rights are in Canada. The Employment Standards branch can help you figure out your employment rights. 1-800-663-3316 or [visit this website](#).

If you feel your Human Rights have been violated, that you have been discriminated against on the basis of sex, age, race or religion, disability or have been wrongfully dismissed from a job, contact the BC Human Rights Tribunal at 1.888.440.8844 or bchrt.bc.ca.

Local's Tip: "Shoulder Season" is what the locals call the quieter months between the September Labour Day weekend and the middle of December. It is during this time that the resort slows down with visitors and many seasonal jobs come to an end. There are a few events that bring visitors to town, but if you want to be able to enjoy the restaurant specials, buy some new winter gear and pay your rent, plan ahead and put some money away for a rainy day - literally.

We support and advocate for a healthy community!

How We Help

Whistler Community Services Society (WCSS) has supported Whistler's social health and wellness since 1989. WCSS's social enterprises are powerhouses in Whistler's circular economy, diverting over a tonne of useful items from landfill each day. In recent years, proceeds from the Re-Use-It Centre, Re-Build-It Centre and Bottle Refundables Recycling program have surpassed \$1.5 million. Funds earned from these social enterprise are reinvested back into the community through WCSS social programming.

As a non-profit with charitable status, we rely on the generosity of volunteers and donors to support community members where they need it most. Our diverse community programming includes food security initiatives, mental and emotional health services and legal and financial assistance.

OUR MISSION: We support and advocate for a healthy community

OUR VISION: We provide inclusive support to build a resilient community

VALUES: Trust, respect, inclusion, advocacy, collaboration

The Whistler Food Bank offers a shopping model with drop-in hours of service.

Our selection of groceries varies depending on donations and recovered food options.

to keep your garbage and recycling secure
indoors until you are able to take it to the
depot. Find information about what you can
recycle and compost: whistler.ca/solidwaste.

Reminder to not throw your cigarette butts

Getting Around

The guide has been organized by neighborhoods so that you can navigate your way around our community by bus, bike, on foot or by car. Each neighborhood has its own unique charm, services, trails and hidden gems. Whistler is a pretty easy place to get around. Kilometers of paved valley trails link Whistler neighbourhoods from Function to Emerald. Buses run regularly and taxis are everywhere.

Accessibility:

- All Whistler Transit buses are wheelchair accessible, however the ramp angle increases at bus stop locations that do not have dedicated sidewalk.
- Resort Cabs have three wheelchair accessible taxis.
- Dedicated accessible parking stalls can be found on the Access Whistler Map. Parking rates are still in effect if the parking meter is accessible or there is a pay-by-phone option.

Understand where you are going - look at the Access Whistler Map to understand where the closest accessible parking is located, where transit stops are at relative to destination, where the ramp is located and the slope condition getting to this location.

In winter months, call the business located closest to the accessible parking to determine if a snow dump has been placed adjacent to the accessible parking and if this might interfere with transferring in and out of vehicle.

Should an individual be temporarily injured and this affects their mobility, they can pick up an application form for temporary accessible parking pass, have it completed by their Doctor and purchase at Municipal Hall for up to 3 months.

Check out whistler.ca/accessibility for information about accessibility in Whistler.

Valley Trail

Save your money, help the environment and get healthy by walking, riding or skating the Valley Trail! For excellent maps on how Whistler connects, see whistler.ca/bike or pick up a map from the Visitor Centre.

Whistler Blackcomb staff can borrow valley trail bikes for FREE at the Springs building pending availability. Contact 604-967-8950 or drop into the Springs to reserve a bike.

Biking

Biking is BIG in Whistler, if people are not using the valley trail to and from work; they are ripping down the mountain in body armor. Whistler has the biggest downhill bike park in the world. One look at the biking terrain may make you want to buy a bike of your own. Get ready to spend some serious coin, bikes in Whistler can cost more than the average used car.

Whistler has an extensive network of single track cross-country multi-use trails for advanced riders and hikers, as well as hiking and biking trails in Lost Lake and the Whistler Interpretive Forest. Find maps and information at whistler.ca/trails.

Whistler supports two biking clubs, Whistler Cycling Club whistlercyclingclub.ca and Whistler Off Road Cycling Association worca.com.

Whistler Off Road Cycling Association (WORCA) has led the stewardship of mountain biking trails in the Whistler valley for over 30 years. Every year they sanction events that bring the mountain biking community together, foster the evolution of the sport through youth programs, and employ experienced trail builders and staff to construct, maintain, and advocate for Whistler's mountain bike trails.

For information about secure bike parking in the village, check out whistler.ca/bikeparking

Parking

There are several options for parking in Whistler. Free one hour parking is available in the village at **Marketplace** for people shopping at the Marketplace businesses. You will need to visit the meter which gives \$1 for first 30 minutes, \$2 for the first hour, while 15-minute storefront parking remains free. whistler.ca/parking

Creekside has underground parking which is free all day, all year-round.

Pay parking is available in **Day Lots 1 to 5** with monthly passes for locals ranging from \$36-\$72. Day lots are free after 5pm. Monthly parking passes are available for the underground parking lots of the Conference Centre.

From April 1 to October 31, **overnight parking** is permitted in day lots 1, 2, 3, 4 and 5 with a maximum stay of 24 hours (no camping/sleeping in vehicles.) Overnight parking is not permitted (lots closed from 3 am to 6 am) in Day Lots 1, 2, 3, 4 and 5 from Nov 1 to Mar 31 to allow for snow clearing and lot maintenance.

Parking is available **overnight** in the underground parking lot of the **Conference Centre** and library for \$5 from 5 pm - 10 am.

While overnight parking is permitted, **sleeping or camping in vehicles is not permitted**. This, in part, is to reduce wildlife attractants in parking lots and protect Whistler's bears.

All large vehicles can park in Day Lot 3 East for 24 hours only. If your vehicle won't fit in a standard size parking space, it is considered oversize. It is \$28 per day or \$6 per hour.

The Cost of Dumping

What are the costs to our community when donations are dumped or abandoned outside of open hours?

Well, dumping and abandoning donations outside of open hours actually costs WCSS money.

For example

\$ Transport fees/ Extra overhead fees

\$ Tipping fees at the dump

\$ Extra time and wages to have staff load and dispose of items

\$ Extra time and wages for staff to process donations left during open hours

Why do we have to dispose of dumped items?

- Weather damages items left outside, we cannot store or sell wet items
- Dumped items are generally not suitable for sale, they are usually items we would not accept due to poor condition
- Our stores reach capacity, we cannot always store large or unusable items, this is why we sometimes turn them away

mywcss.org

What do dumped items cost our community?

An average trip to the dump (tipping and transport fees, staff wages and lost time) costs WCSS approximately **\$200 PER TRIP** to dispose of items we cannot sell.

\$200 = 80 local bus trips for clients to access medical services

\$200 = 80 cans of beans for much needed protein at our food bank

\$200 = 20 store vouchers for clients to access clothing, tents, and sleeping bags

What are some alternatives to dumping?

- Drop your items during open hours (earlier is best as we sometimes reach capacity!) see mywcss.org for hours
- Come back the next day, we will be receiving donations again!
- **Leaving town?** Have a friend drop off items for you if you cannot make it during open hours
- **Are you moving?** Plan ahead! If you have a large amount to donate call us ahead of time, or plan to drop items off over a few days

THANK YOU!

From all of us at WCSS for not dumping and helping us serve our community!

Financial Insecurity

Many people work several jobs to keep the cash coming in, especially when the resort slows down and work dries up in the shoulder seasons. If you find yourself in tight times, and are unsure of how you are going to make ends meet consider contacting a **WCSS Outreach Worker**. If money is tight to get food on the table, contact the **WCSS Food Bank** 604-932-0113, or visit the Food Bank. For hours or operation and location, see [mywcss.org](https://www.mywcss.org).

Concussions

Concussions are a very real part of the sports many in the Whistler valley enjoy year round, including skiing and mountain biking. You don't have to see stars or blackout to have a concussion. If you have hit your head in any way either at work or play make sure you see a doctor so they can assess whether you have a concussion. It is not always easy to know if you have a concussion. Symptoms range from mild to severe and can include not thinking clearly, not being able to remember new information, dizziness, vomiting, feeling tired, being angry or upset, sleeping a lot and much more.

Symptoms can last for hours, days, weeks or even months, so it's important to see a doctor and follow up if symptoms continue.

If you are diagnosed with a concussion, the following resources may help you cope:

1. Vancouver Coast Health Mental Health and Substance Use Team, call 604-698-6455.
2. Concussion Support Group: A weekly group where participants are helped to better understand and manage their concussion symptoms. Please call WCSS at 604-932-0113 to find out when our next Concussion Support Group will be meeting. This group meet to understand and manage their concussion symptoms.
3. Find out more about concussions at healthlinkbc.ca/healthtopics (search concussion).
4. Tell your friends, family and employer so they can assist you in getting the help you need.
5. WCSS runs a Counselling Assistance Fund program which offers less expensive options to see a local counselor if you are financially restricted. Contact 604-932-0113
6. Physiotherapy clinics may offer vestibular rehabilitation exercises for concussion recovery.

Sexual Assault Response & Prevention

Mountain culture draws people from all corners of the world to discover or rediscover the joys of life here in Whistler. Locals go all-out to create a safe-yet-spectacular Whistler experience. Cross-community collaboration further nourishes an essential culture of mutual respect, so visitors and locals alike can relish the vitality of mountain-living.

Some basics to know:

- Sexual assault is literally “any non-consensual sexual contact”. This is an intentional crime of harmful violation.
- Most sexual assailants are known to the victim, often an acquaintance.
- All genders experience sexual assault, but people under 25 are highest risk. Vulnerability and marginalization further increases the likelihood of being sexually assaulted.
- Affirmative consent equals “yes” means “yes”. The absence of “no” does not mean consent.
- A partner is allowed to indicate “no” to sexual contact at any time.
- A new form of sexual assault is “stealthing”, when a condom is removed without consent.
- Incapacitated people cannot legally consent to sex.
- Drug facilitated sexual assault takes many forms.
- Without prior consent, given a 3oz drinks instead of a 1oz cocktail.
- Being coerced to consume substances to the point of incapacitation.
- Dosing a target’s drink with over-the-counter medications, or illicit substances.
- Patronizing bars, lounges or clubs who have trained staff and/or safety policies to address sexual assault or harassment on premise helps build a culture of mutual respect.
- False allegations are no more prevalent in sexual assault than in any other violent crime.
- In Canada, there is no statute of limitations for sexual assault.

Some safety tips:

- If going out in a group, make sure to take along at least one trusted person. Make sure the friend knows of any health conditions that could easily be compromised.
- Arrange a “safe word” to text for “help”. Check-in with each other.
- “Grooming” is the act of testing personal boundaries to determine potential victims.
- Trust instincts. Be loud. Attract attention from bystanders.
- Staff can help with a safe exit.
- The Bumble Dating App allows women to make first contact. Not only does this permit women control over potential partners, it also reduces exposure to unwanted explicit pictures.
- If you get harmed, know it is never your fault.

Friends or friendly bystanders don’t let friends experience sexual assault:

- Bystanders! If you see someone in distress or at risk, ask to talk in private. Are they OK? Are they out with friends? Find their friends or staff and share any concerns.
- Beware of acquaintances or strangers who offer to “make sure” your inebriated friend gets to their place “safely”. Red flag.
- Friends also don’t let friends send unsolicited explicit pictures.
- Know sexual assault and harassment is never the victim’s fault.

Traverse Project

The Traverse Project is a 24/7 mobile support service providing caring, confidential support to sexual assault survivors in the sea to sky corridor. Our hope is to connect survivors to various resources through informed choice and provide guidance on navigating their unique healing journey and available reporting options. Our specialized resource workers can help survivors with what to expect in regards to medical care and forensic medical examinations in their community, as well as access to Third Party Reporting options where they can remain anonymous in their decision to report the assault to the police. This is a gender inclusive project and will be available to support ages 14 and up, biding by our mature minor policy used on a case-by-case basis.

What Is The Third Party Reporting (TPR) Option?

TPR Option is a brand new way for survivors of sexual assault in the Sea to Sky Corridor to report sexual assaults to police. This reporting method allows adults (19 and over) to **anonymously** provide the details of their sexual assault to police with assistance from a community-based Third Party Reporting Worker, who acts as a buffer and bridge of communication between victims and the police detachment.

A Third Party Report is intended for survivors who **would not otherwise report their sexual assault** to police and it is meant to be a reporting option “of last resort”. The Third Party Reporting Option is not a substitute for calling 911, nor is it a formal police investigation.

The following workers that file TPRs:

Pemberton, Mt Currie and St’atl’imx Nations:

Sam Marra:
smarra@hswc.ca | 604-905-9421

Kelsey Watson:
kwatson@hswc.ca | 604-967-3134

Tanya Sinnes:
604-967-3994 | tanya.sinnes@sscs.ca

Female survivors and gender-fluid survivors of sexual assault are asked to file Third Party Reports through the following TPR Workers:
Jane Walser (Sea to Sky Community Services), 604-698-6909
Shannon Cooley Herdman (Howe Sound Women’s Centre), 604-892-5748, Ext.103

Male survivors of sexual assault in the Whistler area can make Third Party Reports through:
Hollyburn Family Services Victim Support
Intake Line: 778-855-4566 (Monday - Friday 9am-5pm)

NOTES:

- The Village features a car free main path known as the Stroll, as well as covered arcade routes adjacent to and through several buildings. The arcades and building entries are often raised above the Stroll as part of a flood protection plan. All arcades have ramp access from the Stroll, though some parts of buildings unfortunately remain inaccessible.
- The day parking lots and Village areas are separated by a flood protection berm. Stairs and ramps connect the Village to the lots.
- From Lorimer Road and Blackcomb Way in Village North, the paved Valley Trail heads east to Lost Lake Park. Along the way, at Fitzsimmons Creek, an accessible trail offers an appealing forest and wetland experience. The trail is level, wide, well-compacted, and has good sightlines and less than 5% slopes. Like most trails in Whistler, it is shared with pedestrians, cyclists and wildlife.

Note: Principal building entries are shown; other entries, including entries to shops and cafes, are not shown. Slope numbers should be considered accurate plus or minus 1-2%.

Upper Village is northeast of Village Centre. The two areas are shown side-by-side. The relative positions of the two areas would be shown if you lined up the two FITZ notations.

WHISTLER'S PATH TOWARDS ACCESSIBILITY AND INCLUSION

Whistler: A place where our community thrives, nature is protected and guests are inspired.

As one of the results of preparing for the 2010 Olympic and Paralympic Winter Games, the Resort Municipality of Whistler (RMOW) began the process of developing an accessibility strategy and action plan that encompasses much more than a focus on just physical change to the environment, but also on inclusion.

NEIGHBOURHOOD

Navigator

Whistler is divided into neighbourhoods, each with a distinctive character, providing tons of events, activities and volunteer opportunities year round. All neighbourhoods are linked by the Whistler Transit system and the Valley Trail.

Two uniquely different neighborhoods, which sit neatly at the south boundary of Whistler, offer community members housing, shopping and various trail systems for recreation and leisure.

Cheakamus Crossing is part of the Whistler Olympic 2010 legacy project and is the original stomping ground for the Whistler Athletes' Village which was home to more than 3,500 Olympic and Paralympic athletes and officials in 2010. Today, the area is a residential neighbourhood designed with sustainability and community in mind.

Function Junction is the neighborhood across the highway and parallel to Cheakamus Crossing, which has a combination of industrial development, retail, business and resident restricted housing through Whistler Housing Authority. Don't forget about the great coffee shops, breweries, gyms and retail shops Function Junction has to offer.

Mountain biking is everywhere in Whistler, but some trails are accessed from Function Junction. Bring your trail map and explore the area!

Both Cheakamus Crossing and Function Junction contain some great housing, community resources, services and retail options to get you ready for spending a season or longer in Whistler.

HI-WHISTLER HOSTEL

Opened in July 2010, the HI-Whistler hostel is a purpose-built hostel that was originally used as part of the Whistler Athletes' Village during the 2010 Winter Olympic Games. This facility sets the standard in hostelling with all the amenities you'd expect and then some. Grab a coffee, a snack, a meal at Cheaky's Café in the hostel lobby, lounge on the outdoor decks with mountain views, store your bike, skis, and boards in the equipment storage room, hangout in the media room. Visit their website or call to make a reservation. Located at 1035 Legacy Way.

LOCAL'S TIP

Bears are common in Whistler, specifically black bears, and most people will have a bear encounter at one point or another. Black bears tend to be tolerant of people and generally avoid any run-ins with us, which is often the same way we feel about them.

Learn what to do when you see a bear:

- Be calm. Stop where you are, and stand your ground.
- Speak in calm, appealing tones. "Hey Bear, Whoa Bear."
- Back away slowly or make a wide detour. Always maintain a distance of at least 100m from any bear. Walk, don't run and watch the bear so you can see how he will react.

Most times the bear will wander off. If you find a bear around your home, you can scare the bear away by yelling at him or making loud noise, but only if it has a clear path out with no obstacles. This lets the bear know that he's not welcome on your turf. Be mindful of mother bears with cubs, as they can be very protective of their young and not as shy as your average bear.

It's important to know how you can help limit conflict with bears. **Never feed a bear.** Feeding bears not only will result in local fury, but it will also include a hefty fine, upwards to \$350, and the bear may then be at risk of being killed. Keep your garbage and recycling (including empties) secure. Bears have been known to break screen windows, climb up decks and open doors or tear them off to get at empty coffee cups or even an old candy bar wrapper. A hungry bear will go to great lengths if he is tempted by the smell of food or trash, and that behaviour can result in their death. So do your part and keep your "discards" secure. If you are without a car and need a lift with your trash and recycling, please ask for one on the 4theLoveofBears group on Facebook. Learn how to coexist with Whistler's bears, visit bearsmart.com.

The community has direct access to the Valley Trail and is located 4-5 kilometers, along the highway, north of Whistler Village.
