## Welcome to the shared territory of the Skwxwú7mesh (Squamish) Nation and Lilwat7úl (Lil'wat) Nation.

Whether you are working, spending time with friends or having an epic day of play on this beautiful land - whatever you are doing right now, if you are in Whistler you are doing it on the shared unceded territory of the Squamish Nation and Lil'wat Nation.

Thriving in our respected territories with Lil'wat (Interior Salish) to the North and Squamish (Coast Salish) to the South, our shared territory is what the world now knows as Whistler. As original peoples of this land, we agree that when we can see Black Tusk, or where the river's flow changes, we are on our shared land. The Skwxwú7mesh Úxwumixw and Lilwat7ul have coexisted respectfully as neighbours since time immemorial.

In July 2008, the Squamish Lil'wat Cultural Centre (SLCC) opened its doors to share our two Nations' cultural knowledge with the world. Designed to evoke the form of a Squamish Longhouse and Lil'wat Istken (earthen dwelling), the SLCC embodies the spirit of partnership between our two Nations.

We welcome you to this land and encourage you to learn more about its ancient history. Our Ambassadors provide visitors with a warm welcome and the opportunity to explore the living culture of the Squamish and Lil'wat First Nations. Whether you join us to hear the sound of the welcome drum song and guided tour, to shop in Whistler's largest and only Indigenous owned First Nations gift shop, or to taste our fresh bannock at the Thunderbird Cafe, we know that by visiting our centre you, too, will embrace our vision of friendship and respect to one another.

Huy Chexw (thank you) Wa Chexw (take care) – Squamish Language  
Kukw'stumc'kalap (Thank you all) – Lil'wat Language,

**The Squamish Lil'wat Cultural Centre's Ambassadors and staff**

### Which Indigenous Communities land does Whistler reside on?

Whistler is located on the shared territories of the Lil'wat Nation from the North, and Squamish Nation from the south. Our Nations acknowledge that where ever one can see Black Tusk, we know we are on shared territory.

### Who are Squamish Nation?

The Skwxwú7mesh Úxwumixw (Squamish Nation) is a vibrant and dynamic Coast Salish Nation with a strong culture, rich history and bright future. With a population of 4,000+, the largest proportion of Skwxwú7mesh stelmexw (Squamish People) reside on several urban reserves in the city of Vancouver, North and West Vancouver and the municipality of Squamish, B.C.

### Who are Lil'wat Nation?

The Lilwat7úl (Lil'wat Nation) is a separate and distinct Interior Salish Nation with cultural and kinship ties to the Stát'yemc. With a population of more than 2,000, the central community of Lil'wat is Mt. Currie BC and they are committed to preservation of their lands, language and culture for future generations.

### What does the '7' mean & how do I pronounce it?

Both Squamish and Ucwalmícwts (Lil'wat Nation language) use '7' as a part of their alphabets. The 7 indicates a brief pause (technically known as a 'glottal stop') between syllables. Elder speakers in cooperation with linguists developed this character in the late 1960s while translating these oral languages into written form.

### What language is featured on the highway signs between Vancouver and Whistler?

The Squamish Language.

### What are the wooden carvings throughout the village?

They are welcome figures carved by Squamish Nation artists, welcoming visitors to our shared territory, and at the SLCC both Lil'wat Nation and Squamish Nation artists.

### Where can I learn more about their cultures?

Visit the Squamish Lil'wat Cultural Centre in Whistler's Upper Village at the corner of Lorimer Road and Blackcomb Way: hourly guided tours are led by knowledgeable Cultural Ambassadors who share their cultural teachings with guests. This is also the only place in Whistler where you can try bannock, traditional sweet fried bread, available in the SLCC's Thunderbird Café.

### What can I do outdoors to learn more about both Nations?

Connecting to the land is an important value for Indigenous peoples. At the SLCC, guided forest walks in our backyard will introduce visitors to local fauna and the ancient nourishment and medicines that serve us today. You can also discover authentic art around Whistler from the Squamish Nation and Lil'wat Nation through the Go Whistler Walking Tours App called the Art & Storytelling of the Skwxwú7mesh and Lilwat7úl to learn more visit [slcc.ca/slcc-go-whistler-app](https://slcc.ca/slcc-go-whistler-app)

## Get a Place to Live

Finding a place to live will be harder than you think. You can expect to share accommodations, as in most cases, privacy is an expensive commodity in Whistler. The going rate for a room in a shared house can be around \$800 - \$1,700, or if you are willing to share a room it may be less. Social Media and various online websites have made finding a place to live a bit easier. To see what is available, search for Facebook groups with 'Whistler housing' in the title. As well, create your own want ad on Craigslist, and network with people already living in Whistler.

### HOUSE HUNTING TIPS

Hunting for housing can be exhausting. Here are some tips to help you avoid some of the mistakes that can be made:

- **Be aware of offers that seem too good to be true.** This is especially true if it involves sending money to a third party. In these circumstances, it's probably not legitimate.
- **Get recommendations from people you know.** This way you are more likely to deal with reputable agencies or landlords.
- **Don't give up your money too quickly.** No money should change hands until the property has actually been viewed and rented.
- **Be careful when looking online.** There have been reported cases where a renter found the same pictures of an apartment for rent but at a different address. Or sometimes, the property doesn't exist at all.
- **Sign and find out the terms of your lease.** It's always a good idea to read the fine print on your rental contract and find out if there is a penalty for early termination of your lease.
- **Do a reasonableness check on rates for similar properties in the same area.** If the rent seems too low, do more research.
- **Find employment with staff accommodation.** There are a number of employers such as Whistler Blackcomb and The Fairmont that offer staff accommodation. When being interviewed, ask if staff accommodation is available.
- **Get everything in writing.** Make sure all communication with your landlord is in writing form including payment transfers and start/end dates of tenancy.

## Get Insurance

Once you have secured a place to live be sure to get renters insurance. Banks and insurance agencies in Whistler sell a variety of inexpensive policies. There are a number of reasons to purchase rental insurance. **As a Tenant you are liable** – yes, legally responsible – for any harm you cause to any part of your building and to others who live or visit there. If your toaster oven starts a fire that damages not only your apartment, but also the neighbours or perhaps the entire complex, you may have to pay out a lot of money. You might not think that you own much of real value, but what if you had to replace everything all at once, due to fire or water damage? Replacing your clothing, alone, could run you a few thousand dollars. And that old futon and bed might not look like much, but buying new ones would be hard on the wallet. Remember to include large items like skis, boards or bikes when taking out insurance. When you consider what it would cost to replace everything, monthly insurance premiums may look pretty good by comparison. Some people believe they are covered under the building owner's insurance policy if there is a fire or if someone breaks into their home. Be aware that this is not the case!

## Know Your Rights

### Tenancy Rights

## LOCAL'S TIP

"Shoulder Season" is what the locals call the quieter months between the September Labour Day weekend and the middle of December. It is during this time that the resort slows down with visitors and many seasonal jobs come to an end. There are a few events that bring visitors to town, but if you want to be able to enjoy the restaurant specials, buy some new winter gear and pay your rent, plan ahead and put some money away for a rainy day - literally.

# Imagine a future where Whistler waste is kept out of the landfill

**That's the goal with moving towards zero waste.**

How can we get there? Reduce and reuse, then recycle. Using simple steps, we can all reduce, reuse, recycle and compost most of the waste we produce. Please take the time to learn what goes where and properly sort your waste.

### WHERE TO DISPOSE OF WASTE:

Your building may have a waste disposal room, or you may need to visit one of two residential waste depots to sort your waste. Residential waste including household recycling, compost and garbage to landfill can be disposed of at these following locations:

**Nesters Depot:** 8010 Nesters Road  
**Function Junction Depot:** 1001 Lynham Road

*Nesters and Function Junction depots both collect the waste materials listed to the right. The majority of these streams will be available in your building if you have disposal facilities available.*

## BIKING

Biking is BIG in Whistler, if people are not using the valley trail to and from work; they are ripping down the mountain in body armor.

Whistler has an extensive network of single track cross-country multi-use trails for advanced riders and hikers, as well as hiking and biking trails in Lost Lake and the Whistler Interpretive Forest. Find maps and information at [whistler.ca/trails](https://www.whistler.ca/trails).

Whistler supports two biking clubs, Whistler Cycling Club [whistlercyclingclub.ca](https://www.whistlercyclingclub.ca) and Whistler Off Road Cycling Association (WORCA) [worca.com](https://www.worca.com).

WORCA has led the stewardship of mountain biking trails in the Whistler valley for over 30 years. Every year they sanction events that bring the mountain biking community together, foster the evolution of the sport through youth programs, and employ experienced trail builders and staff to construct, maintain, and advocate for Whistler's mountain bike trails.

For information about secure bike parking, check out [whistler.ca/bikeparking](https://www.whistler.ca/bikeparking)

## PARKING

There are several options for parking in Whistler. Costs and rules vary depending on time of day and summer vs winter.

- From April 1 to Oct 31, overnight parking is permitted in Day Lots 1 to 5 with a maximum stay of 24 hours.
- From Nov 1 to Mar 31, overnight parking is not permitted in Day Lots 1 to 5 to allow for snow clearing and lot maintenance. The Day Lots are closed from 3-6 a.m. every night.
- Please refer to RMOW's [Parking map](#) to see all of the available options.

Visit [whistler.ca/parking](https://www.whistler.ca/parking) for all details about parking in Whistler.

### BIKE THEFT PREVENTION

Be mindful that your bike is at risk of being stolen but with these practical tips, you can help you're your ride safe:

- Register your bike online with [project529.com/garage](https://project529.com/garage) so authorities can locate and return stolen bikes easier.
- Choose a high-quality U-lock or a sturdy metal folding lock for better protection compared to cable locks.
- Secure your frame and wheels to an immovable object so thieves can't target quick-release components.
- Keep a recent photo of your bike. This could help in identifying your ride if recovered after a theft.
- Choose busy, well-populated areas with good visibility for locking your bike. Thieves are less likely to target bikes in locations where they might be seen.

If you accept rides from strangers, let someone know where you are going, when you expect to get there and that you have arrived safely. Carry your phone and ID with you at all times. Note the description of anyone who offers you a ride, including the vehicle. Share information about suspicious persons with the police. Trust your INSTINCTS. If someone makes you feel uncomfortable, DON'T GET IN! *We're not endorsing hitchhiking as a means of travel, but we recognize that for a lot of people there are no other means of travel. Please do it safely.*

# SEXUAL ASSAULT RESPONSE

Sexual assault is any form of sexual contact without your consent. If you have been sexually assaulted, it's not your fault. Whether a stranger or someone you know, they never have the right to assault you. It has nothing to do with what you wore, where you were, who you were with, or whether you were under the influence of drugs or alcohol at the time. You are not to blame.

Sexual Assault Support and Third-Party Reporting: Call or text the 24/7 Support Line to speak with a specialized resource worker: 604-389-9168

Your Healing, Your Choices.

**Medical Care:** If you have been sexually assaulted, call 911 or go to your local emergency department. While the decision is yours to make, getting medical care after sexual assault is important, even if you do not have obvious physical injuries. Expect to receive full information about your treatment options and the care available to you. You can have a friend, family member or support worker stay with you at the hospital.

**A Sexual Assault Nurse Examiner** is on-call throughout the Sea to Sky Corridor. It is recommended to call ahead to the ER. These nurses are specially trained to collect physical evidence and provide compassionate medical care to survivors of sexual assault.

**Forensic Medical Exam:** If you were assaulted within the past 7 days, you can choose to have a forensic medical exam to collect evidence, even if you don't want to report the assault to the police at this time. The evidence can be stored at the hospital for 1 year while you think about your options.

**Reporting Options:** Support workers can explain available reporting options and offer support as you decide. In most circumstances, it is your choice whether you report the sexual assault to police. The exception to this is when someone's safety is at risk. If you decide to report the sexual assault to police, the police will start to investigate what happened. A victim service worker can provide support, information, and give you updates as well throughout this process. There is no time limit to report a sexual assault.

If you do not wish to report the assault directly to police, you can choose to make a third-party report which allows you to provide details about the assault to police anonymously through a third-party agency.

Contact PearlSpace for support, information, and referrals [pearlspace.ca/program/sexual-assault-response](https://pearlspace.ca/program/sexual-assault-response)

# CONCUSSIONS

Concussions are a very real part of the sports many in the Whistler valley enjoy year round, including skiing and mountain biking. You don't have to see stars or blackout to have a concussion. If you have hit your head in any way either at work or play make sure you see a doctor so they can assess whether you have a concussion. It is not always easy to know if you have a concussion. Symptoms range from mild to severe and can include not thinking clearly, not being able to remember new information, dizziness, vomiting, feeling tired, being angry or upset, sleeping a lot and much more.

Symptoms can last for hours, days, weeks or even months, so it's important to see a doctor and follow up if symptoms continue.

If you are diagnosed with a concussion, the following resources may help you cope:

1. Vancouver Coast Health Mental Health and Substance Use Team, call 604-698-6455.
2. Concussion Support Group: A weekly group where participants are helped to better understand and manage their concussion symptoms. Please call WCSS at 604-932-0113 to find out when our next Concussion Support Group will be meeting.
3. Find out more about concussions at [healthlinkbc.ca/healthtopics](https://healthlinkbc.ca/healthtopics) (search concussion).
4. Tell your friends, family and employer so they can assist you in getting the help you need.
5. WCSS runs a Counselling Assistance Fund program which offers less expensive options to see a local counselor if you are financially restricted. Contact 604-932-0113
6. Physiotherapy clinics may offer vestibular rehabilitation exercises for concussion recovery.

## FINANCIAL INSECURITY

Many people work several jobs to keep the cash coming in, especially when the resort slows down and work dries up in the shoulder seasons. If you find yourself in tight times, and are unsure of how you are going to make ends meet consider contacting a **WCSS Outreach Worker**.

If money is tight to get food on the table, contact the **WCSS Food Bank** 604-932-0113, or visit the Food Bank. For hours or operation and location, see [mywcss.org/food-bank](https://mywcss.org/food-bank)

**LOCAL'S TIP**  
★★★★★

Black bears are common in Whistler, and most spend the winter hibernating. When you see skunk cabbage sprouting in the spring you should expect to see a bear on the trails. Be aware of your surroundings and make a little noise if you are alone so you don't startle the bear.

**Learn what to do when you see a bear:**

- Be calm. Stop where you are, and stand your ground.
- Speak in calm, appeasing tones. "Hey Bear, Whoa Bear."
- Back away slowly or make a wide detour. Always maintain a distance of at least 100m from any bear. Walk, don't run and watch the bear so you can see how he will react.

Most times the bear will wander off. If you find a bear around your home, you can scare the bear away by yelling at him or making loud noise, but only if it has a clear path out with no obstacles. This lets the bear know that he's not welcome on your turf. Be mindful of mother bears with cubs, as they can be very protective of their young and not as shy as your average bear.

It's important to know how you can help limit conflict with bears. **Never feed a bear.** Feeding bears not only will result in local fury, but it will also include a hefty fine, upwards to \$350, and the bear may then be at risk of being killed. Keep your garbage and recycling (including empties) secure. Bears have been known to break screen windows, climb up decks and open doors or tear them off to get at empty coffee cups or even an old candy bar wrapper. A hungry bear will go to great lengths if he is tempted by the smell of food or trash, and that behaviour can result in their death. So do your part and keep your "discards" secure. Learn how to coexist with Whistler's bears, visit [bearsmart.com](http://bearsmart.com).

**The Village** is the central neighborhood of the town of Whistler, located at the base of both Whistler and Blackcomb Mountains. Until the late 1970's this was the site of the original town's garbage dump. It is divided into several areas - the Village, Village North and Upper Village. All the areas are connected by the paved, pedestrian-only Village Stroll. Whistler Village is where locals and visitors mingle throughout the year, coming and going from outdoor adventures. There are people shopping and renting skis and bikes, kids exploring the playgrounds and plenty of people-watching opportunities from sunny patios and restaurants. Depending on the season, you can catch events like free open air concerts, street entertainment and markets. For more information about dates, locations and how to get involved check out [whistler.com/events/calendar](https://whistler.com/events/calendar).

**Whistler and Blackcomb mountains** can be accessed by the gondola and chair lifts located in Skiers Plaza, just past Mountain Square.
